Procedure: unlimited tendering

the supply of units of photolithography set-up (mask aligner with equipment)

MODIFICATION NO. 1

§1

Awarding Entity modifies The Specification of Essential Terms of the Contract (SETC), specifically article 3 §1. The changes are:

„(...)
- Printing in UV300 range (280-350nm) [line20] (Instead of “Printing in UV300 range (280-350nm) or UV400 (350-450nm)”).

(...)
- The equipment should be new or completely refurbished and should not be produced before 1995 [line28] (Instead of “The equipment should not be produced before 2001”)
(...).”

§2

Date of the submission of tenders and date of the opening of tenders have been changed.

Time limit for submission of tenders 16 February 2007, 11.30 a.m

Tenders will be opened 16 February 2007, 12 p.m

§3

Due to change of date for the submission, Awarding Entity changes article 11 par. 1 SETC. The changes are:

“The Contractor shall place the tender in an envelope addressed to the Awarding Entity (Wydział Fizyki UW, ul. Hoża 69, 00-681 Warsaw, Poland). The envelope shall also contain the following markings:

***Zamawiający: Wydział Fizyki Uniwersytetu Warszawskiego
