

Local seminar presentations:

1. 15th May 2007, "***Interfaces In Nitrides***" by Dr E.Valcheva.
2. 12th September 2006, "***Detection and emission of a terahertz radiation***" by Dr. W.Knap,
3. 13th September 2006, "***Spectroscopy of semiconductor structures in high magnetic fields***" by Dr M.Potemski,
4. 26th September 2006, "***Inter-Landau level transitions in two-dimensional electron gas with a linear dispersion***" by Dr M. Potemski,
5. 27th September 2006, "***Transport properties of GaN/AlGaN heterostructures***" by Dr. W.Knap,
