

## Talks by Marek Olechowski

### 2013

1. Corfu Summer Institute 2013, 31.08-11.09.2013, Corfu, Greece  
125 GeV Higgs in NMSSM with moderate or large  $\tan\beta$
2. Conference Planck 2013, 20-24.05.2013, Bonn  
New Regions in the NMSSM with a 125 GeV Higgs
3. 1st Warsaw Spring Workshop: Electroweak Breaking After First Three Years of the LHC, 14-17.03.2013, Warsaw  
Higgs boson mass in NMSSM with large  $\tan\beta$
4. Astrofizyka Cząstek w Polsce, 3-6.03.2013, Kraków  
Inflacja w modelach inspirowanych teorią strun

### 2012

1. Summer School and Workshop on the Standard Model and beyond, 8-17.09.2012, Corfu, Greece  
Higgs boson mass in MSSM with split sfermion masses
2. Workshop on implications of the LHC results for TeV-scale physics, 13-17.07.2012, CERN, Geneva  
Natural SUSY and maximal stop mixing
3. Seminar at Ludwig-Maximilians-Universität, 26.01.2012, Munich  
Supersymmetric SO(10) unification with light sparticle spectrum
4. Cracow-Warsaw Workshop on LHC, 10.01.2012, Warsaw  
Higgs bosons in supersymmetric models
