Postdoctoral Position in Theoretical Physics

Chair of the Theory of Particles and Elementary Interactions, Warsaw University, invites applications a postdoctoral position from experienced researchers in theoretical particle physics and cosmology (research experience less than 10 years after the diploma which gives direct access to doctoral studies in the country in which the diploma was obtained). The appointment will be for 2 months in the first semester of the academic year 2009/2010 (October 2009 - February 2010) and the position is funded by the EU in the framework of Marie Curie Host Fellowships for the Transfer of Knowledge (ToK) Project: "Particle Physics and Cosmology: the Interface".

Research interests of the particle theory group in Warsaw cover a broad range of topics in particle physics, astro-particle physics and cosmology (neutrino physics, lepton physics, B physics, grand unification, supersymmetry, supergravity, inflation, dark matter, dark energy).

Deadline for applications is **September 30th, 2009**. Applications should include CV, list of publications and a brief statement of research interests. Applications should preferably be sent by email to the address

tok.warsaw@fuw.edu.pl

or by regular mail to

Prof. Stefan Pokorski,

Institute of Theoretical Physics, Warsaw University,

Hoża 69,
