Senior Visitor Position in Theoretical Physics

Chair of the Theory of Particles and Elementary Interactions, Warsaw University, invites applications for a senior visitor position from more experienced researchers in theoretical particle physics and cosmology (research experience of at least 10 years since obtaining the diploma which gives direct access to doctoral studies in the country in which the diploma was obtained). The appointment will be for 2 months in the academic year 2007/2008 and the position is funded by the EU in the framework of Marie Curie Host Fellowships for the Transfer of Knowledge(ToK) Project: "Particle Physics and Cosmology: the Interface".

Research interests of the particle theory group in Warsaw cover a broad range of topics in particle physics, astro-particle physics and cosmology (neutrino physics, lepton physics, B physics, grand unification, supersymmetry, supergravity, inflation, dark matter, dark energy).

Deadline for applications is **September 30th, 2007**. Applications should preferably be sent by email to the address

tok.warsaw@fuw.edu.pl

or by regular mail to

Prof. Stefan Pokorski,
Institute of Theoretical Physics, Warsaw University,
Hoża 69,
