## Two Senior Visitor Positions in Theoretical Physics

Chair of the Theory of Particles and Elementary Interactions, Warsaw University, invites applications for two senior visitor positions from more experienced researchers in theoretical particle physics and cosmology (research experience of at least 10 years since obtaining the diploma which gives direct access to doctoral studies in the country in which the diploma was obtained). The appointments will be for 2 months in the calendar year 2009 and the positions are funded by the EU in the framework of Marie Curie Host Fellowships for the Transfer of Knowledge(ToK) Project: “Particle Physics and Cosmology: the Interface”.

Research interests of the particle theory group in Warsaw cover a broad range of topics in particle physics, astro-particle physics and cosmology (neutrino physics, lepton physics, B physics, grand unification, supersymmetry, supergravity, inflation, dark matter, dark energy).

Deadline for applications is **November 15th, 2008**. Applications should preferably be sent by email to the address

**tok.warsaw@fuw.edu.pl**

or by regular mail to

Prof. Stefan Pokorski,  
Institute of Theoretical Physics, Warsaw University,  
Hoża 69,  
PL-00-681 Warsaw.
